TOBAGO ENVIRONMENTAL PARTNERSHIP DECLARATION

"The integrity, health and aesthetic beauty of Tobago's ecosystems, its forests, rivers, wetlands, reefs, islets and open ocean are the foundations for sustainable development, well-being and economic wealth of our island and people.

We, Tobago's Environmental Partnership stakeholders will strive to manage our natural heritage for the benefit of current and future generations through meaningful collaboration, empowered partnership and shared responsibilities of government, businesses, civil society organisations and communities."
