For further information on correct citation, see 4.

### 2. Purpose of Database

- (4) All published files must either include the watermark or have a correct and clearly visible citation.

#### 4. Citation

No citation must be used for files with a clearly visible watermark. Otherwise, the following citation must be used:

*“Copyright Holder” shall be replaced with the name of the owner/copyright holder of the file. This name is found on the bottom right of each image or video file.*

*“Author Name” shall be replaced by the name of the author. This name is found on the bottom right of each image or video file.*

E.G.: “©UNESCO / Jacob Bock”
